

**Call 02 Emergency Bridge Repair on I-59 over Bouie River (Bridge No. 67.7A), known as State Project No. NHPP-0059-01(137) / 110030301 in Forrest County.**

Q1. Regarding the pressure washing & cleaning, the note on Sheet 8002 says "within the scope of this project." Can MDOT please clarify those limits? Is it fair to say that the limits would be confined to the left lane between Bents 2 & 4?

A1. Yes.

Q2. Can we request as-builts for the bridge rail in this project?

A2. They can be downloaded at the following link: <https://file-exchange.mdot.state.ms.us/dl/?f=087feadc95d082da08e26327d8b2bce528c1b798>
