

Call 10 Placement of Audible Stripe on MS 4 from MS 3 to Matthew Drive in Senatobia, known as Federal Project No. HRRR-1924-00(003) / 110031301 in Tate County.

Q1. Notice to bidders number 3 Final Cleanup Will this be Required on this job?

A1. Only cleanup of all construction debris will be required.

Q2. In the scope of work it says Loose Existing Thermoplastic shall be Removed by Brooming or other Approved Methods Will any Stripe Removal be Required other than the bridges or will Brooming be OK Prior to Restripe?

A2. Brooming of the roadway prior to restriping will be acceptable provided it removes loose existing thermoplastic and leaves nothing that interferes with the placement of new stripe.
