

Call 07 Bridge Repairs on South Lamar Boulevard over US 278 & SR 7 over MS Central RR, Bridge Nos. 76.2 & 128.4, known as Federal Aid Project Nos. STBG-9422-00(002) / 109693301 and NHPP-0019-02(067) / 109694301 in Lafayette County.

Q1. Can MDOT confirm that elastomeric concrete is to be used to pour back the end walls?

A1. Yes, that is correct.

Q2. Will the contractor be required to remove and reset the metal hand rail at South Lamar in order to perform the rail cleaning and painting?

A2. Removing the metal hand rail is not required provided the Contractor protects the hand rail to the satisfaction of the Engineer.
