

**Call 07 Widen & Overlay approximately 10 miles of SR 149 from 0.3 Miles South of SR 14 to US 49W, known as Federal Aid Project No. STBG-0091-02(010) / 108186301 in Humphreys County.**

Q1. In the Special Provision 907-401-3 of the proposal, Section 907-401.03.1.2 Tack Coat section does not discuss the other options on tack coats that are not on the approved product list like the Special Provision normally does. Those products are CSS-1, CSS-1H, SS-1, and SS1-h. Will those products be allowed for this project?

A1. No.

Q2. Due to the existing condition of the roadway, would MDOT consider allowing this project to be a Category C under the smoothness tolerance provision?

A2. See Addendum 1.
