A2. No.

Q3. Can MDOT please provide as-builts?

A3. They can be downloaded at the following link: <https://file-exchange.mdot.state.ms.us/dl/?f=535600e620197768dee7aff7ab2c796549d8491b>

Referenced standard drawings can be found at the following link: https://mdot.ms.gov/portal/obsolete_standards

Q4. Pay Item 907-824-PP004 Bridge Rail Repair is measured by the lump sum and a brief description of the nature of the work is included in the proposal on Sheets 40-41. The limits of the anticipated rail repair is unclear since there are no details provided and it is paid by lump sum? Can MDOT please clarify how much of the existing rail will need to be removed/replaced under this item?

A4. See Addendum 1.

Q5. Can MDOT provide as built for Bridge Nos. 179.1 in Washington County?

A5. See Answer 3.

Q6. What are the Removal of Asphalt, Saw Cut, and Crushed Stone Base pay items for?

A6. These will be used for the Guardrail Pads. See Addendum 1.

Q7. There is a contract line item\pay item for Bridge Rail repair one lump sum - The notes in the notice to bidder state, remove and replace damage portion of bridge rail and accordance with the notes in this document. The Notice to Bidders doesn't define what location the Bridgeville repair for length of Bridge repair is being bid on. From a recent site visit, it seems that there has been one section of Bridge repair on this bridge that has already been replaced. Was this the section that was supposed to be repaired or replaced in this contract

or does this contract require repair and replacement of other Bridge Rail? If so, can you please clarify the location and limits of Ridge rail repair?

A7. See Addendum 1.
