

Call 11 Bridge Replacement on SR 427 (Bridge No. 4.4) between SR 488 & SR 16, known as Federal Aid Project No. BR-0551-00(115) / 102372302 in Leake County.

- Q1. On page 154 Supplement to special provision Cement Concrete Mixtures. It lists classifications and Uses of Concrete, Class F & Class FX (SCC) Self Consolidating Concrete for prestress members. From this special provision for class F&FX(SCC), does there need to be a separate pay item, so SCC can be used? OR Can a prestress producer simply submit a SCC mix design to be used in class F or FX prestress members?
- A1. There is not a need for a separate pay item. The Department will review submitted mix designs.
