

Call 09 Overlay approximately 8.5 miles of MS 587 from the Marion County Line to the Northern Ervin-Reid Circle Drive, known as State Project No. SP-0196-00(033) / 109967301 in Lawrence County.

Q1. There are W1-8L & W1-8R Signs (Curves) very close to the roadway. The widening in these areas will be an issue. Will there need to be a remove and reset sign pay item added?

A1. See Addendum 1.

Q2. Does the 2 ft. rule apply to the random clearing portion of this job related to fences, utilities, etc...?

A2. Since no grubbing (ground disturbance) is required or allowed, utilities should not be impacted. Trees growing in or near fences may be cut, trimmed, or left in place at the discretion of the Project Engineer.
