EMERGENCY HOME READINESS CHECKLIST

- Be prepared to cover all of your home’s windows by installing permanent storm shutters or plan to board up windows with 5/8” exterior grade or marine plywood, cut to fit and ready to install.  
  Note: Tape does not prevent windows from breaking.
- Reduce roof damage by installing straps or additional clips to fasten your roof to the frame structure.
- Trim trees and shrubs so they are more wind resistant.
- Clear loose and clogged rain gutters and downspouts.
- Reinforce your garage doors with a counterbalancing kit.
- Bring in all outdoor furniture, garbage cans and anything else that is not tied down.
- If you have a boat, determine how and where to secure it.

IF A HURRICANE IS COMING

- Shut off utilities and propane tanks.
- Turn your refrigerator and freezer to the coldest setting and leave the doors closed.
- Fill a tub with water.
- Unplug appliances and electronics.
- Listen closely to advice from local and state emergency officials.
- Fuel and service vehicles.
- Notify neighbors and a family member outside of the warned area of your evacuation plans.
- Stay with friends, relatives or at an inland hotel or as a last resort go to a designated public shelter outside of the flood zone.
- Leave mobile homes in any case.
